

Black and Minority Ethnic Voice and Influence Project Consultation

Do you live and work in Bristol and come from a black and minority ethnic (BME) community? Do you feel passionate about having a say on race equality issues that impact on your life?

The Black and Minority Ethnic Voice project aims to support BME communities to do just that. This is your opportunity to make a difference on the issues that matter to you most.

You have a chance of winning £50 by completing an online survey. Please follow this link to the survey:

<https://www.surveymonkey.com/s/RaceEqualityIndividuals>

The project is supported by VOSCUR, an infrastructure organisation and development agency for the voluntary, community, and social enterprise sector in Bristol, in partnership with Bristol City Council as well as a number of front line BME led voluntary organizations.

Please contact either Sophia or Janet in any of the following ways if you would like more information:
